Ronald W. Williams, Chairman

- (1) Presentation to Herb Sellers/Century Ambulance Service

It will be interesting to see if the Sheriff, who appears to be more concerned with doing the work of the county good old boy management then getting competitive salaries for his patrol officers, will make his own presentation.

COMMISSIONERS COMMENTS
ADJOURNMENT

Senior Staff Assistant:

For this position the County Commission and the County Manager are doing what they do best, dumbing down Columbia County with this mess, and advertising for a job to pay up to \$82,000 dollars a year that does not require a college degree.

This position is a virtual mirror of the **Assistant County Manager** position.

Now that the county tax revenues are drying up, it will be interesting to see what Com DuPree, the Com responsible for the Ellisville Boondoggle, will come up with for a land mitigation bank and who is going to pay for it.

What do you do if you hire the wrong guy for the wrong job. If you are the Sheriff, who has taken the reigns of the 911 Call Center - you establish a new department of one and put the person in there.

The new department, which apparently the county commission does not have to approve, is the Central Communications Department.

Why is the memo requesting these positions copied to the County's capable HR Chief, Michele Crummit, and not coming from her and her department.

This is the way in the Land of Oz.
