The Lake Shore Hosp Auth, \$60,000 per year - 24 hours per week part time manager, Jack Berry (see photo), took time off from work to attend a County Utility Subcommittee meeting in City Hall. His good old boy connections put him in a job for which he is uniquely unqualified. His public racist remarks, flaunting of the open meeting and public record laws of Florida, back room dealing, rudeness, failure to apply sound business practices to protect the public purse strings and a demonstrated inability to dress properly when representing the publicly funded Authority, are just a few of the reasons that Mr. Berry should be fired from his unnecessary position, rather than the illegal promotion that the Authority is considering, which flies in the face of his contract.
