The good government practice of having of having committee charimem give reports to the public is something that is lacking at the Columbia County Commission..

These items were brought before the committee by the Dept. Dir. - Chief Tunsel. He had to convince the committee of the need. Then the items, along with the Chief, go before the Council to answer any question, before the items are approved. Click the links for more information.

Note: The above items were presented and approved at the Public Safety Committee Meeting on July 6, 2010.
